In-SHUCK-ch Days is approaching fast and the ball is rolling! Kelly Sherwood has started as the In-SHUCK-ch Days Assistant. We have raised over \$44,000 and the activities continue to be finalized.

Feel free to visit the In-SHUCK-ch Days website (www.inshuckch.com/inshuckchDays.html) or the In-SHUCK-ch Days Facebook Event page, for more information!

To All Interested Volunteers, Watchmen and Vendors - Please have your completed forms submitted by August 6th!

We have posted volunteer, Watchmen, artisan/vendor booth, and educational and career fair booth application forms on the In-SHUCK-ch Days website. It is important that volunteers and Watchmen fill out these forms, so that their volunteer experience is a positive. This way we can contact them to talk about when they will be volunteering.

It is also extremely important that anyone who would like a booth (artisans/vendors, educational organizations, or career fair organizations) fill out an application form so that the booths will be set up for them when they arrive. If you know of anyone who might be interested in volunteering or

having a booth at In-SHUCK-ch Days, please tell them about these application forms and have them return them to me. Also, if there are specific organizations you would like to see with a booth at In-SHUCK-ch Days, please let me know.

Below: Dancing: Taylor Paull-Smith and Gerald Gabriel
In Back: Watela (Wallace B. Henry) and Nicholas Louie

The Facebook group "In-SHUCK-ch Siq'úta Program 2010" has been keeping people updated on the happenings of the program, so if you have Facebook please join the group so that you get all the updates as soon as possible. I am posting all the updates in the newsletter and emailing people who have signed up, so people who don't have Facebook will still have all the information. Here are the updates:
